

Russians Charge Pact 'Openly Aggressive'

Send Formal Protest To Sponsors

London, Friday, April 1—(AP)—The Soviet Union charged today the North Atlantic treaty is "openly aggressive," directed against her and breaks 5 international agreements.

The official Soviet news agency Tass said the Russian position was transmitted to the seven sponsoring nations of the treaty in a memorandum yesterday.

The Soviet foreign ministry, through its ambassadors gave these conclusions to the United States, Britain, France, Belgium, Canada, The Netherlands and Luxembourg: Directed Against USSR

1. The Atlantic treaty has an openly aggressive character and is directed against the Soviet Union.

2. The treaty runs counter to the United Nations charter.

3. It violates the Anglo-Soviet treaty, the Franco-Soviet treaty and the Yalta and Potsdam agreements.

The treaty will be signed in Washington Monday.

The memorandum denied statements in the treaty that it is strictly defensive and abides by United Nations principles.

The Soviet document said official representatives of the United States, Britain and France have "definitely pointed out" that the treaty is directed against the Soviet Union as well as against other countries of the "peoples' democracy."

That is, the other communist nations of Eastern Europe. Making Military Preparations

Participants in the pact, the memorandum charged, are making military preparations which "by no means bear a defensive character," including the stockpiling of atom bombs.

The statement said further the participants are preserving in Washington a combined British-American staff from the last war, have a western European union defense setup already established in Fontainebleau, outside of Paris, and are planning a defense committee under the new treaty.

All of this "contributes to intensifying anxiety and alarm, and to the whipping up of war hysteria in which all sorts of instigators of a new war are so interested," the statement added.

The Atlantic treaty, the memorandum asserted, is "designed to daunt the states which do not agree to obey the dictate of the Anglo-American grouping of powers that lay claim to world domination."

Some Expect To Benefit

Some governments in it, the document went on, "expect to benefit at the expense of the richer parties to this treaty and make various plans with regard to obtaining new credits and other material advantages."

The memorandum said that "anti-Soviet motives" of the treaty are groundless because "the Soviet Union does not intend to attack anyone and in no way threatens the United States, Great Britain, France or the other parties to the treaty."

Russia took note of statements that the treaty is "motivated by the weakness of the United Nations."

But Russia said the treaty will not help to consolidate the United Nations.

"On the contrary," Russia said, "it leads to an undermining of the very foundations of this international organization. Establishment of the above grouping of powers runs counter to the charter of this organization."

The Soviet Union argued that the treaty cannot be considered a regional agreement under the U.N. charter because it embraces states which are in both hemispheres of the globe and states like Italy, and Portugal which are not U.N. members.

The memorandum noted that the United States, Britain and France are parties to the treaty and that only the Soviet Union among the great powers is excluded.

Woman Has Year To Live, \$10,000; Asks Suggestions

Oklahoma City, March 31—(AP)—A woman's humble plea is being answered by a sympathetic America—how best to spend \$10,000 before death knocks on her door, probably within a year.

Advice is rolling in by letter, telegram, telephone and through radio. Her name is — Mrs. Heart, we'll say. She is 51 and a retired Oklahoma City business woman. She was told by a physician:

"You have but a year. Your heart condition will prove fatal in 12 months."

Now Mrs. Heart doesn't know what to do. That's why she has asked America for help.

"I just know that somebody — someone," she says, "will have a better idea than I."

Russians Arrest Many To Tighten Blockade

By George Bria

Berlin, March 31—(AP)—Hundreds of Western Berliners were reported today by Soviet police tonight following raids on trains and railroad stations in the city's outskirts.

The lightning roundup last night was conducted for the ostensible purpose of checking identification papers. Only residents of the Soviet-blockaded western sectors of Berlin were picked up. Some were

freed, but western sources estimated hundreds were still detained.

The raids were made by Russian military police and heavily-armed German police under Soviet control. Apparently one purpose was to plug loopholes in the Russian blockade. Western Berliners have constantly smuggled in supplies from the surrounding Soviet occupation zone.

Most of the Germans seized were returning from the Soviet zone where they had bartered with farmers. They said they were carted off to control stations, where the police confiscated their Western currency and their food or fuel parcels.

Some of those who were seized and later released quoted German policemen as saying they hoped to "black list" Germans wanted by the Russians as "enemies of the Soviet system." The Russians have furnished the police with lists of names, the informants added.

Such a list probably would include the names of most of western Berlin's city officials. The Soviet-controlled press repeatedly has referred to those officials as "enemies of the people."

Chemical Magnate Dow Dies In Canadian Crash

London, Ont., March 31—(AP)—Chemical magnate Willard H. Dow, his wife and three other persons crashed to their deaths in a plane today on a storm-soaked Canadian meadow.

The 52-year-old president of the sprawling Dow Chemical Co., one of the world's largest, was flying with his party to attend a gathering in Boston, Mass.

Struck by a lashing rain, the pilot apparently was trying for an emergency landing in a field a mile from the London airport. The plane hit a knoll, bounced and crashed. Within seconds it was aflame.

Dr. Dow, Mrs. Martha Dow, 51; Mrs. Alta Campbell, 44; Pilot A. J. Bowie, and Co-pilot Fred Clements, all of Midland, Mich., were believed killed instantly.

The only survivor was Mrs. Campbell's husband, Calvin, head of Dow's legal department at the company's headquarters in Midland. He was treated in a London hospital for back injuries.

Campbell told in the hospital how he tried in vain to drag the body of his wife out of the flaming plane despite a numbness that gripped his legs.

"I tried to drag her from the plane but the flames became so hot that I lost my hold," he said. "I just

managed to crawl out of the wreck before the cabin was a mass of fire."

He said the crash happened without warning.

"We knew the weather was bad but there seemed to be no cause for alarm," he added. "My wife was sitting beside me. Suddenly the plane lurched and in a matter of seconds we struck something and bounced."

Bowie, a 38-year-old veteran of the airways and a company pilot, was believed at the controls at the time of the crash. The two-motored company plane had taken off from an airport near Midland at 9 a.m. and was heading due east over Canada. At 10:55 a.m. it crashed.

The internationally-known chemist was planning to attend the mid-winter convocation tonight of the Massachusetts Institute of Technology. His son, Herbert H. Dow, the second, is a student at M.I.T.

Chicago, March 31—(AP)—Northwestern university's medical school is getting ready to use radioactive isotopes actively in instruction, research and therapy.

Dr. J. Roscoe Miller, dean of the school, announced today that the Atomic Energy Commission has agreed to supply "hot" materials from its Oak Ridge, Tenn., laboratory for the Northwestern program.

Radioisotopes will be made available to the school's Montgomery Ward clinics, four hospitals affiliated with Northwestern and St. Luke's hospital, a cooperating institution.

The affiliated hospitals are Wesley Memorial, Passavant Memorial, and Children's Memorial in Chicago and the suburban Evanston hospital. A four-room wing of the Montgomery Ward building on the school's Chicago campus is being converted into a "hot laboratory" for receiving, storing and processing comparatively large supplies of radioactive materials.

Chicago, March 31—(AP)—Conductors on the 9,000-mile long North Western railroad system today threatened to strike.

It was the second railroad conductor strike threat this month.

F. H. Nemitz, senior vice president of the Order of Railway Conductors, announced in Cedar Rapids, Ia., that 1,000 members who command trains of the Northwestern system have voted "overwhelmingly" to strike.

Nemitz said the vote was taken because the railroad had failed to adjust "about 50 different grievances." No date for a strike has been set yet. That would be done by C.R.O. President Harry W. Fraser. He is in Washington.

On March 17, a strike date was fixed for the nation's 2,500 Pullman conductors. This walkout was set for today, but intervention of the national railway mediation board brought indefinite postponement. The strike threat against the Pullman company, like that against the Northwestern line was based on the O.R.C.'s dissatisfaction with handling of grievances.

Chicago, March 31—(AP)—A 21-month-old infant died today, the fourth baby to succumb to acute infectious diarrhea after a stay in a hospital headed by the late Dr. Edward Rosenzweig.

The baby, Phyllis Ricketts, was one of 11 removed from the Douglas Park hospital to the contagious disease hospital after they were found to be suffering from the ailment.

Two other infants died yesterday, and one on Monday.

Dr. Herman M. Bundesen, head of the board of health, closed the hospital last Friday, stating it violated the municipal code by failing to have a physician on duty as head or acting head.

Dr. Rosenzweig died March 17 a few hours after he was named by a Chicago housewife as an abortionist. Coroner A. L. Brodie said an autopsy disclosed the doctor died of poison.

Churchill Says Reds Aim To Rule World

Washington, March 31—(AP)—Secretary of State Acheson and British Foreign Minister Bevin began today what may be a final and successful effort by the western powers to agree on plans for the future of western Germany.

The plans include creation of a separate German government.

In a two hour conference in Acheson's office at the state department, the foreign policy chiefs of America and Britain also reviewed the situation in Greece. Greek government troops, with American help, are preparing a major spring offensive against communist guerrillas.

At the end of their session, Acheson went into another conference with Dutch Foreign Minister D. U. Stikker who, like Bevin, has come here to sign the North Atlantic treaty next Monday. A total of 12 nations in the North Atlantic area will sign the 20-year defensive alliance.

Details of the Bevin-Acheson talk—the first of a series which will extend through next week—were secret.

Both Bevin and Acheson were understood to be confident that the

German issues can be worked out and they expect success in meetings which they will hold next week with French Foreign Minister Robert Schuman.

The principal problem before the western powers at the moment apparently is to reach final agreement on their policies concerning how much real power should be placed in the hands of the proposed western German government. A German parliamentary council is now meeting at Bonn to draft a constitution for the new government which would have authority over the whole of western Germany, including the British, American and French occupation zones.

But, he held out this hope: "War is not inevitable."

The 74-year-old British statesman spoke in Boston Garden at a mid-century convocation of Massachusetts Institute of Technology before a distinguished crowd of 13,900.

Some of the scientists who helped develop the atom bomb, as well as diplomats of several nations, heard him sound this warning.

"I must not conceal from you the truth as I see it. It is certain that Europe would have been communized and London under bombardment some time ago but for the deterrent of the atom bomb in the hands of the United States."

Three times Churchill struck out at the "13 men in the Kremlin" during his hour-long speech.

But at the very outset Churchill said "I remain an optimist."

And he quickly followed up this assertion with this:

"For good or ill all mastery is today the supreme expression of military power, and fleets and armies, however necessary and important, must accept a subordinate rank."

"This," he said, "is a memorable milestone in the march of man."

More than 100 pickets paraded outside the big arena where Churchill spoke only a few city blocks from historic Faneuil Hall—known as America's "Cradle of Liberty."

Chants of "send that bundle back to Britain" greeted the British leader as he was escorted into Boston Garden.

One of the heaviest police guards seen in Boston in years patrolled outside.

Read Truman Message

Just before Churchill spoke, a message was read from President Truman predicting that Churchill would "give you something strategically for this meeting."

Mr. Truman was listed originally as one of the speakers at the MIT convocation but called off his visit here on the grounds of pressure of duties in Washington.

Bernard Baruch, long-time adviser to presidents, introduced as one who has "driving contempt for the bully."

"This unity is our present salvation."

"We need not abandon hope or patience," he said.

Stormy Weather Moves Into East After West Blast

By the Associated Press

Stormy weather moved from the Middle West into the East Thursday.

It was a subdued version of the violent disturbance which earlier this week spun tornadoes through Oklahoma communities and plastered the Central plains with heavy snowdrifts.

By noon, it had reached the Atlantic coast in the Maryland-Delaware area and was spreading northward with thundershowers and soaking rains. The rain path extended back westward through Pennsylvania and over much of the Great Lakes area. In northern Wisconsin and the north part of lower Michigan, fairly heavy snow fell.

As the turbulence moved east a sudden windstorm lashed from its southern fringe at Niceville in northwestern Florida. One person was injured, one house wrecked, and three others damaged.

100 PERSONS ARRESTED

London, March 31—(AP)—Tanjug, the official Yugoslav news agency, said tonight it had learned that 100 persons including "high state and party officials" had been arrested in Bulgaria on charges of spying for "imperialistic states." There was no immediate comment from Bulgarian sources.

The Norbury Sanatorium, cooperative observatory for the U.S. Weather Bureau, yesterday reported the temperatures for Thursday as follows: High, 65; low, 41; and at 6 p.m., 49.

Forecast for Illinois—Today generally fair with little change in temperature. High 54 to 58.

ARMED FORCES SORELY NEED PUBLICITY OFFICE MERGERS

Retiring Defense Secretary Forrestal has made a belated move to give "unification" of the armed forces a more practical meaning. As Congress threatened a probe of news leaks and unilateral actions by the three services, Mr. Forrestal announced that their separate public information sections would be consolidated.

Previously a member of the House had criticized the Air Force for releasing to the press a list of some 70 targets in Russia that could be reached by non-stop bombers carrying atomic explosives. But this was only one of several instances of questionable policy and policy supervision.

"Unification," as administered has intensified rather than diminished inter-service rivalry. The creation of a separate Air Force has simply resulted in making that rivalry a three-way rather than a two-way contest.

The new Air Force Department, justifiably proud of its war record, set out to convince the country that it could win another war almost single-handed. The Navy, fighting for its life and prestige, started counter-punching.

Both these departments—and the Army too, of course—put in some highly disunified budget requests with Congress. The Navy and Air Force used the potential tragedy of the airplane crew that crashed in Greenland as a sort of contest, with both racing to the rescue in a flurry of separate news releases. The Navy minimized the "damage" caused by a mock atomic bomb in sea maneuvers. The Air Force replied with a non-stop bomber flight around the world. And so on.

All this cannot be dismissed as die-hard pettiness. It is an effort to nullify the law which created what was meant to be, and what can be, a more efficient instrument of national defense. It also takes the still-disunified armed forces into diplomatic territory where they do not belong.

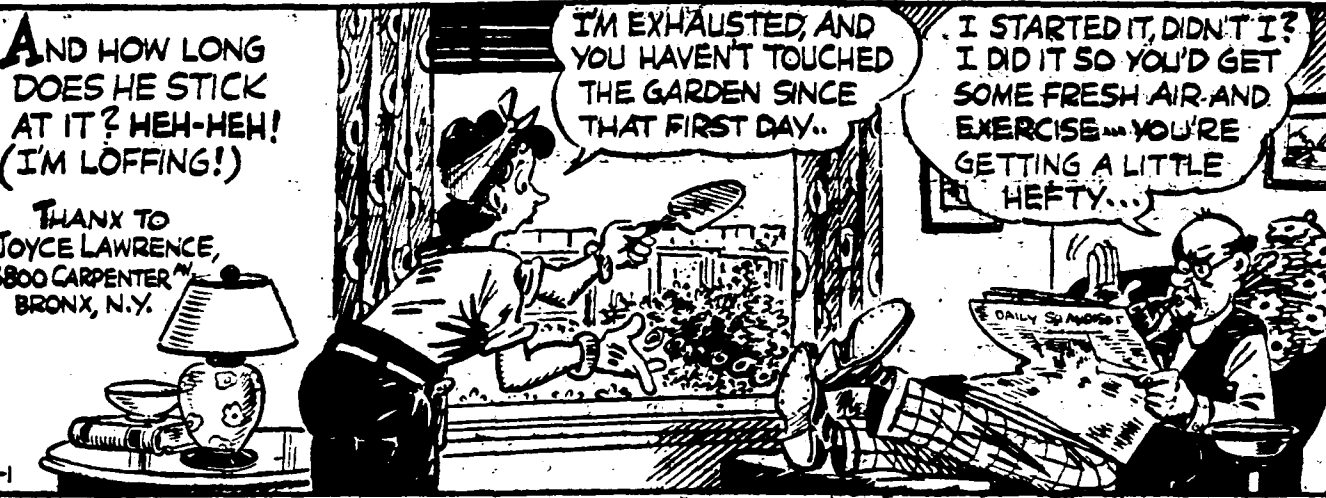

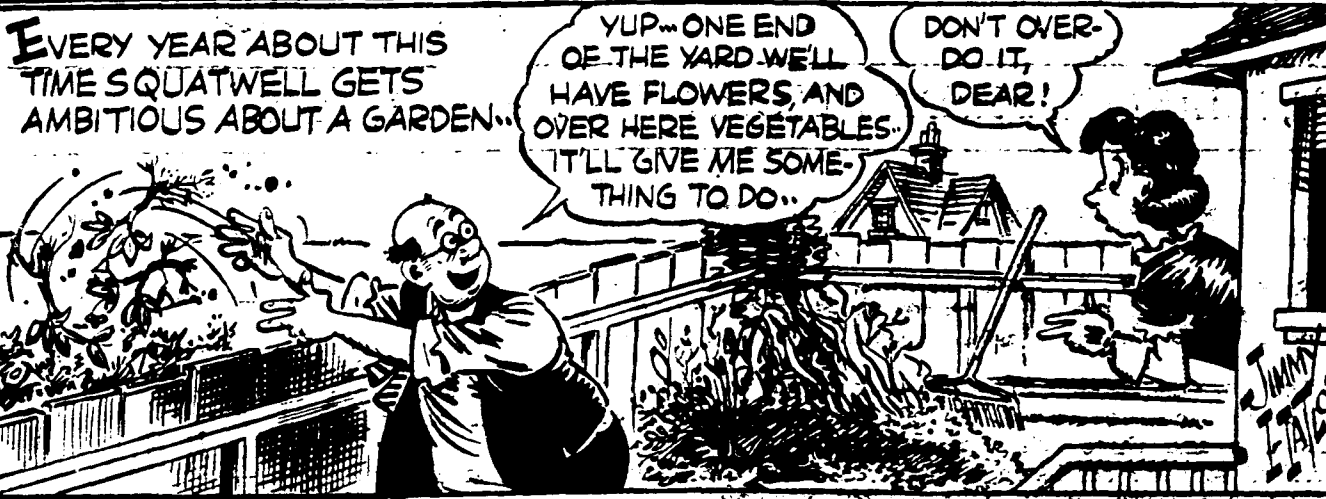

When the Air Force flies a bomber non-stop around the world it is not simply showing off the efficiency of our aircraft and the skill of their crews. When it releases a list of possible atom-bomb targets in Russia it is not simply belittling the Navy. It is trying to frighten Russia. And in doing so it is making foreign policy on its own.

The world flight and the bomb targets were meant, we trust, to be examples of defensive action. But Russia can exploit them as our virtual admission of the Soviet charge of "warmongering." Such actions do nothing to ease international tension.

There is a real and evident need to unify and coordinate armed forces publicity. We hope that William Frye, who heads the new publicity bureau, brings to the job a broad and neutral outlook. And we hope he will have appropriate authority and the support of a defense secretary who will crack down hard, if need be, on the public airing of intramural jealousies.

Poles Boost Farm Production

Warsaw, Poland—(P)—Polish peasants plan to cultivate 5,000,000 acres more of farmlands this year over the 1947-48 figure to further boost the nation's food self-sufficiency.

The 1949 agricultural production plans call for the planting of a total of approximately 37,000,000 acres. The 1947-48 plantings were estimated at 32,000,000 acres.

Agriculturists estimate there still are about 2,600,000 acres of fallow land in Poland—a considerable part of it in former Eastern German lands. Peasants hope to cut down that figure to about 1,700,000 acres after the spring sowings.

The semi-official newspaper "Rzeczpospolita" said that while imports were necessary to supplement home production in 1947-48 "our own production in 1949 should satisfy, to a considerable extent, the needs of the population in the food line."

Fleet Admiral Ernest J. King, wartime Chief of Naval Operations, is President of the Naval Historical Foundation.

Miniature Wind Storm Lashes Tipps Property; Damage About \$1,000

A vicious wind singled out the property of Charles A. Tipps, two miles east on the old state road, Wednesday night about 9 o'clock, turning it into a playground on which to perform its devilish antics.

The miniature twister uprooted trees, did extensive damage to two chicken houses, tore down fences and proved fatal to several chickens.

As Mr. Tipps surveyed the damage Thursday morning and set out to repair it, he estimated his loss at around \$1,000.

The Tipps property was the only place in that vicinity to fall victim to the storm. None of Mr. Tipps' neighbors suffered any loss or were aware of what was going on at the Tipps place.

Mr. Tipps was in the house, which was untouched by the twister. He heard a strong wind but didn't regard it too seriously.

The twister confined its forces to a lot southwest of the house, where the two chicken houses were located. One of the chicken houses, a large, brand new one, was completely demolished, part of it landing on a grape arbor, while the roof, 38 feet

Says Senator's Right To Talk Is Power

Washington—(P)—What gives a senator prestige and power among his fellow senators?

Debating the right to filibuster, Senator Hayden (D-Ariz.) explained it this way to the senate:

"More than a century ago, when a new senator came into this body it did not take him long to learn that there were other senators who not only had the ability to point out what they deemed to be flaws in his reasoning and errors in his statement of the facts upon which his conclusions were based, but above all that the other senators could take whatever time they thought was necessary to fully expose the flaws in his reasoning and the errors in what he presented as the facts. There was no way available to him to stop the criticism on his ideas by other senators so long as they desired to do so. That was a right they possessed, which he was compelled to respect, and from it there very naturally followed respect and consideration for all senators, each of whom had that right. It is inherent in human nature to have respect for power."

"The question is whether, with the destruction of the basis upon which it was founded, will that custom or tradition continue to prevail in the Senate during the years to come?"

"If the 25 to 50 senators who happen to be present may at any time determine that they want to hear no more talk and can compel a vote to be taken then and there, will courtesy and consideration for the minority continue to prevail in this body?"

"A parliamentary procedure of that kind automatically reduces the power and the influence of every individual senator."

"It takes nothing but common sense to know that there will inevitably be a corresponding reduction in the courtesy and consideration which senators will extend to each other."

Murders and felonious assaults are more frequent in the summer months, while crimes against property generally increase in the winter months.

Mrs. P. G. Mutch Of Manchester Dies Wednesday

Mrs. Bertha Mutch, wife of Peter G. Mutch of Manchester, died Wednesday at 11:40 p. m. at Passavant hospital, where she had been a patient for the past week and a half. She had been in failing health for two years.

The former Bertha Schall, Mrs. Mutch was born near Bluff Springs on Sept. 22, 1881, the daughter of Henry and Elizabeth Schall. On March 20, 1907, she was united in marriage with Peter G. Mutch, who survives.

Also surviving are two daughters, Leila Steidley of Hettick and Pearl Virgil of Manchester; three grandsons, Floyd, Ralph and Clyde Virgil; and three brothers, Henry and Otto of Beardstown and Harry of Centerville.

Mrs. Mutch was preceded in death by her parents, three sisters and one brother.

The body is at the Gilman Funeral Home, where services will be held Saturday at 2 p. m., with the Rev. G. E. Presley, pastor of the Manchester Baptist church, officiating. Burial will be in Diamond Grove cemetery.

The family will receive friends at the funeral home Friday from 3 to 6 and from 7 to 9 p. m.

Chicago To See United States Art

Chicago—(P)—For a decade the Art Institution of Chicago has put on a series of exhibitions of borrowed European masterpieces. Now from April 21 to June 19, it will show a rich American heritage of art and craft work.

It will display such things as a full-length portrait of George Washington by Gilbert Stuart, "The Surrender at Yorktown" painted by Charles Willson Peale, and a seven-piece silver tea set fashioned by Paul Revere.

The exhibition will offer 132 paintings, 90 silver objects and 126 enlarged photographs of architecture.

ture, all products of the year 1650 to 1815.

MARSEILLES LADY LOSES 18 lbs. IN TWO WEEKS WITH RENNEL

Mrs. H. L. Rivers loses 18 lbs. for cost of only \$2.50

"Since taking Rennel I feel like a new person," writes Mrs. Rivers, "I feel more like doing my housework and have lost 18 pounds with the first two bottles. I have so much more pep and feel so much better that I intend to continue to use Rennel for some time." Hundreds of others have obtained similar relief from the social and physical discomforts of being overweight. Rennel is the original grapefruit juice recipe for taking off ugly fat. It's simple. Just go to your druggist and ask for 4 ounces of liquid Rennel. Pour enough grapefruit juice to fill the bottle, then take just two tablespoonfuls twice a day. That's all there is to it.

Kaiser-Frazer invades new price field!
Kaiser... new price 1995
now world's lowest-priced big car

Our policy on prices

"It has always been our goal to put a bigger, better automobile within reach of more people. To that end, we have bought the huge factory at Willow Run, and have a great engine plant in Detroit. In Cleveland, we have acquired the world's largest blast furnace for the making of steel. Our engineering-production team and our vast dealer organization have worked overtime to reduce manufacturing and distribution costs. In line with the settled policy of our Corporation, we are giving substantial savings to the public in the form of greatly reduced prices... even sooner than we expected. Now, almost any American family can own a really big, fine car!"

Kaiser-Frazer Corporation

HENRY J. KAISER Chairman JOSEPH W. FRAZER Vice-Chairman

Happy days are here again! Today you can get a big, big 1949 Kaiser Special for only \$1,995... a saving to you of over \$333.00!

Prices of all Kaiser and Frazer models have been materially lowered. These are by far the most sweeping price revisions the automobile industry has seen.

She Is Not Amused

With the bands blaring down New York's Fifth Avenue, 2-year-old Mary Ebe adds a little color—and noise—of her own as she voices her opinion of the big parade marking the 128th anniversary of Greek independence. She's dressed in the uniform of the Evzones Guards of the Greek king.

Meredosia Couple Return From Long Tour Of The South

Meredosia—Mr. and Mrs. William Biddle returned to Meredosia last week from a four-months wedding trip through the southern states. Their tour was concentrated mainly in Florida.

Mrs. Biddle, before her marriage last November, was Mrs. Elizabeth Hobson.

The Biddies will reside in Meredosia for the next few months. They plan to occupy Mrs. Biddle's home in the west end of town.

The couple was involved in a hit-and-run accident while enroute home from their vacation trip. They were side-swiped by a car, pulling a large house-trailer, near West Point, Mo., and their own trailer thrown into a large cut-ditch. However, the Biddle car was unscathed, and the occupants were not hurt.

ARENZVILLE

Arenzville—Mr. and Mrs. Albert Nicol, Jr., of Savannah, formerly of Arenzville, are parents of a son born March 24. Mrs. Nicol is the former Miss Joyce Beard.

Mr. and Mrs. William Hays of Arenzville are parents of a son born Saturday at the Schmitt Memorial hospital in Beardstown. Mrs. Hays was formerly Miss Esther Mallicoat.

Mrs. Vincent Penza and daughter, Theresa, visited with Mrs. Ralph Clark.

Mrs. Mary Russwinkel of Jacksonville spent the week end here with Mr. and Mrs. Alvin Heitbrink and sons.

Mr. and Mrs. John Musch recently spent the day in Springfield.

Winchester G.A.A. Plans Barn Dance

The Girls Athletic Association of the Winchester Community High School will sponsor a barn dance to be held in the high school gymnasium at 8:30 p.m., Thursday, March 31. The affair is open to the public and will feature square dancing, round dancing, a cake walk, and selected numbers by the American Legion Quartette.

Mr. and Mrs. Patrick Meehan of Lincoln, Nebraska, visited overnight with Mr. and Mrs. B. F. Walker Monday night.

Dick Millar of Detroit, Michigan, and Misses Mamie and Lillie Collins were recent visitors at the home of Mr. and Mrs. Ed Smith.

Mrs. Agnes McLaughlin entertained members of her bridge club Wednesday afternoon.

Mrs. Mary Watt was hostess to her bridge club at her home Tuesday night.

Now Salmon Must Tell Their Age

Maywood, Ill.—(AP)—Salmon swimming up their native rivers to spawn next spring must now face an added hazard. They will not only get caught but will also have to reveal their age. Knowing the age of selected fish from the 1949 catch will help scientists of the American Can Company in making quality tests of the new pack.

A salmon's age is determined by putting one of his scales under a microscope. The rings on the scale reveal the fish's approximate age, in much the same way that annular rings tell the age of a tree. The method also enables the canning experts to tell how much time the fish has spent in fresh or salt water.

A centrifuge capable of exerting a force 1,000 times that of gravity has been developed at the Naval Ordnance Laboratory.

Ancient Port Defends Rights

Hythe, England.—(P)—This ancient port is in revolt. Its citizens intend to fight some civil administrators with modern notions and utter disrespect for tradition who want to deprive Hythe of its position and privileges as one of the English Channel Cinque (five) ports of eastern Kent.

Hythe, Hastings, Romney, Dover and Sandwich were organized as a Confederation about the time of the Norman conquest in the 13th Century.

They were responsible for the defense of Britain at sea and provided the country with its navy. In return they were granted certain privileges.

These included participation in the crowning of the king and the right to claim the contents of ships wrecked on their coast.

They last went into action against the Spanish armada with fire ships. But they still enjoy many of the privileges of the confederation.

Now, says town clerk R. J. Roddis, the Kent county council wants to make Hythe, Folkstone and Elham one local government unit. That would mean the end of Hythe's privileged position.

"We value our rights and we shall not sacrifice them without a full-blooded battle," he challenged.

Roddis has enlisted the help of Winston Churchill to scuttle the moderns. The former prime minister is lord warden and admiral of the Cinque ports and is bound by oath to guard their freedoms and liberties.

Churchill's secretary said he has promised to take action.

TEEN-AGE BABY SITTERS RULED OUT

Denver.—(P)—When a Denver grandmother, Mrs. Mary Louise Dunham, decided to operate a baby-sitting service, she made this her first rule: No teen-agers.

"They create too many problems," says the head of Baby Sitters, Inc. "Our sitters are all 21 or over and we prefer mothers, grandmothers, older sisters or others who understand children and have taken care of them."

Mrs. Dunham began her service two years ago and now gets about 1,000 calls a month from parents. Her 200 sitters manage to keep busy. Parents have to pay a \$1 per month registration fee to Baby Sitters, Inc., and 60 cents per hour to the sitter.

Services Friday For Austill Infant

Jerseyville.—Funeral services for Neva Lela Austill, infant daughter of Mr. and Mrs. Ralph Austill of this city, will be held Friday at 1:30 p.m. at Jacoby Brothers Funeral Home.

The Rev. F. M. Hedger of Alton will officiate and interment will be in the Glasgow cemetery.

The child was the daughter of Ralph and Frances Stoekel Austill of this city and was born Nov. 30, 1947, in Alton. She died March 29 at 11:20 p.m. She is survived by her parents; her maternal grandparents, Mrs. Lela Stoekel of Alton and Loren Stoekel of Worden; her paternal grandmother, Mrs. Neva Hahn of Waterloo, Ill., and her great-grandfather, Fred Lettice of Alton.

Births

Mr. and Mrs. James Martin, 421 Pine street, are parents of a daughter weighing five pounds 84 ounces, born Thursday at 9:15 a.m. at Our Saviour's hospital.

Mr. and Mrs. Joe Denney of Roodhouse are parents of a daughter born Thursday at 3:58 a.m. at Our Saviour's hospital. The infant weighed eight pounds 14 ounces.

INDIA BOOSTS PAPER PRODUCTION

New Delhi, India.—(P)—The government has approved eight schemes for producing a total of 70,000 tons of paper annually.

Industries Minister S. P. Mookerjee said in parliament that the government has allowed the import of the necessary machinery for the schemes. He said a factory is being established in the central provinces for producing 30,000 tons of newsprint annually.

Mookerjee also reported that India's production of cement is 2,245,000 tons annually. After partition there were 19 cement producing factories, he said. The government, he added, has sanctioned 29 schemes with a total annual capacity of 282,000,000 tons.

Juvenile Delinquency Still Declining

Juvenile delinquency is still on the down grade from the war years, according to the FBI's annual crime report, which shows that the number of persons under 25 years of age arrested in 1948 is lower than in 1947. Chart above, prepared from FBI data, plots the number of arrests of all persons under 25 over a ten-year period. Approximately one-half of all crimes against property last year were committed by persons in this group, with burglary and theft the leading crimes.

Questions And Answers ON Service To Veterans

(This is another in a series of questions and answers regarding the rights of ex-servicemen and their families, as answered by Keith C. Peabody, Veterans Employment Representative, Illinois State Employment Service, 211 East Morgan Street, Jacksonville. For further information contact Mr. Peabody.)

Question: Is money received from Social Security classified as income for widow's pension purpose in non-service connected cases?

Answer: Yes. Money received from Social Security (Old-Age and Survivors Insurance) is classified as income and must be reported when filing for widow's pension.

Question: Under the amended G.I. Bill what is the maximum time of training a veteran can receive on an apprenticeship or on-the-job-training?

Answer: The maximum training period is two years for on-the-job-training and four years for apprenticeship training.

Question: The State of Illinois provides Rehabilitation Training for Veterans whose disabilities are not due to services. Is there a time limit for me to apply?

Answer: No.

Question: Are Government Compensation checks to disabled veterans subject to tax, attachment, levy or seizure?

Answer: No.

Question: I heard that all Federal Civil Service jobs as Custodians, Elevator Operators, Guards and

Get ready for Easter! Tomorrow and Saturday a special group of \$59.50 and \$65 Women's New Spring Coats and Suits at \$39.95. DEPPE'S

Answer: Yes.

British Push Housing Plan

London—(AP)—The House of Commons has passed a bill to let local authorities make housing loans of up to \$20,000.

The bill went through second reading—approval in principle—without a record vote on motion of Health Minister Aneurin Bevan, in charge of the labor government's housing program.

Bevan said that for the first time in any nation's history, "we are now within sight of providing for every separate family the comfort and privacy of a separate household."

The measure raises the loan limit from \$6,000.

Bevan noted that 852,000 new post-war homes had been built in Britain by the end of January—441,617 of them permanent. He said there were more homes per head of population today than in 1939.

The reasons there is still a shortage, Bevan claimed, "are that more families can afford to rent, young people get married earlier and old people are keeping out of work-houses."

Conservatives took severe exception to his analysis.

Pearl-essence, made of scales from small fish and used to fashion simulated pearls, is so much in demand that Norway has pearl-essence factories near its herring fleet bases.

2 Anniversaries Observed With Family Dinner

Carrollton—Mrs. Curtis Bishop entertained at a family dinner Sunday honoring her husband and her son-in-law, Francis Norris of Carrollville. Both Bishop and Norris were celebrating their birthday anniversaries. Guests were Mr. and Mrs. Francis Norris and sons of Carrollville, Miss Martha Dell Bishop of Alton, Mr. and Mrs. Charles Bishop and family and Mr. and Mrs. Louis Bishop of this city.

The Carrollton Night unit of the Green County Home Bureau met Monday evening at the home of Mrs. Everett Mehl. The major lesson on "Using 1949 Styles to Bring the Wardrobe Up to Date" was given by Mrs. Susan Jordan. Members brought dishes which were to be gifts to the Home Bureau kitchen and dining room.

SAFETY TALK GETS RESULTS

Chicago—(AP)—Ned H. Dearborn, president of the National Safety Council, spoke on a radio program about accidents. Then he put on his hat and coat and waited for a car he had ordered from a lively limousine service. He had to wait some time.

"Sorry," the tardy driver said. "I was sailing along the Outer Drive on the way to pick you up and listening to the car radio. There was a program about accidents that scared the dickens out of me. I took my foot off the gas and took it easy all the way over here. That's why I'm late."

A Navy diver recently set a simulated world indoor diving record of 561 feet.

Of the Navy's contracts 68 per cent are now being let to small business concerns of less than 500 employees.

Associated Press Has Jacksonville Feature

The City of Jacksonville was the subject of a feature story Thursday in most of the Illinois newspapers which are served by the Associated Press. It was the third in a series of the Associated Press carrying about Illinois cities, describing leading institutions and industries, along with history.
 The Journal Courier company was asked 10 days ago to furnish facts for the Jacksonville story. State wires of the Associated Press carried the story Wednesday afternoon for release in Thursday afternoon newspapers.
 Mentioning that Jacksonville has long been labeled "The Athens of the West," the AP feature says that while the city has been an educational and cultural center for more than a century, it has not lagged in development of industrial and agricultural resources.
 Development of the new airport north of the city and the successful campaign for a new Passavant Memorial hospital are pointed out as important signs of progress.
 The article states that the city's population began to climb rather sharply in 1940 after remaining almost stationary for 25 years. The 1950 census is expected to turn up something like 22,500, compared to 19,844 which now decorates the highway signboards.
 A photograph of the city's famous "four-church corner" at West State and Church streets, taken from atop the Dunlap hotel, was distributed by the Associated Press photo service to illustrate the article.
 The AP story was the second big piece of publicity to be written about Jacksonville this spring. The March issue of a trade magazine published by the Panhandle Eastern Gas Pipe Line company used a Nichols park cover scene, along with two pages of pictures and information.

We have the NEW Swift's Mineral Supplement BLOCK

Mineral feeding hits a new high in ease and economy with Swift's Mineral Supplement in block form. Perfected by Swift for cattle and sheep, the new mineral block meets these strict regulations:
 —It's soft enough so animals get their mineral quota easily
 —It's hard enough to resist weather
 —It's easy to handle, easy to feed
 In formula and quality the block is the same as the familiar Swift's Mineral Supplement in powdered form. It provides ten essential mineral elements all livestock need. It's held together by a palatable molasses binder. Swift's Mineral Supplement contains no fillers or waste. Every ingredient has feeding value.

Supplies these ten profit-making elements:
 • Manganese
 • Iron
 • Copper
 • Cobalt
 • Sodium
 • Chlorine
 • Calcium
 • Phosphorus
 • Magnesium Sulphate
 • Iodine

Ashland Students Visit Youth Center At Springfield

Ashland—A group of about 30 Ashland students, interested in getting a youth center organized in Ashland, went to Springfield for a tour of the Southern View youth center there.

The tour was made at the invitation of John Armitage, regional supervisor of the Department of Public Welfare.

The Ashland students were entertained with a short musical program presented by the Springfield young people.

Mrs. Claudia Hubbs entertained the Past Worthy Matron's club of this city at her home in Jacksonville. Those attending from Ashland were Mrs. Anna Brownback, Mrs. A. Christianer, Mrs. Freida Orne, Mrs. Annette Lohman, Mrs. Artie Walker, Mrs. Mary Anderson, Mrs. Louise Quinley and Mrs. Kitty Sinclair.

MURRAYVILLE

Miss Margery Mason of Carbondale and Miss Lorene Sooy of Granite City spent the weekend at their homes here.

Mrs. Russell Riggs of Greenfield visited Monday with her sister, Mrs. Lyndall Symons.

Miss Ada Osborne moved last week to the home of her brother, William Osborne.

Mr. and Mrs. Donald Campbell and Bruce Campbell of Alton visited over the weekend with relatives here.

Mrs. Roy Cloninger and children of Barrow were Sunday afternoon visitors at the home of Mrs. D. E. Murray.

Ninety three per cent of stolen automobiles and 21 per cent of other stolen property was recovered during 1948 by local police.

Swiss Want Islands And Castle Back

Brissago, Switzerland—(P)—The Swiss are about to get back two of their islands, but they may have to wait nineteen years to get their hands on famous old Rapperswil Castle.

The two islands of Brissago in Lake Maggiore have been owned privately for approximately 75 years. They lie off the small Swiss village of Brissago. The closest villagers ever came to them was the boat landing where a large sign says: "Entry Forbidden."

The islands were purchased first by a Russian countess, known locally as the Princess St. Legere. Before her death, she sold them to a wealthy warehouse owner in Hamburg, Dr. Max Emden, who built a palatial home on the largest of the two islands. Rumor is Brissago had it that the doorknobs in the mansion were made of pure gold.

Dr. Emden's heirs are now trying to sell the islands and the Swiss towns and villages along the shore of Lake Maggiore are trying to raise the \$172,000 necessary to keep them available to the Swiss and to tourists.

The countess and Dr. Emden built up a rare collection of Mediterranean and oriental trees and shrubbery on the grounds. Swiss botanical experts say the islands may become one of the famous gardens of southern Europe.

The Rapperswil castle is another and more difficult matter. It is a forbidding, medieval mass of stone with a clock tower in the village of Rapperswil on the Lake of Zurich.

Back in 1869, Rapperswil officials gave the Polish state a 99-year lease on the castle. Poland at that time was partitioned among Prussia, Russia and Austria. Refugee Poles wanted to establish a national museum in the castle and assemble the documents and historical background of their country.

The Swiss authorities maintain that the rebirth of Poland after World War I and the removal of the exhibits to Warsaw removed the original basis of the lease. They say further that they are entitled to evict the tenant on three months' notice. They have given that notice.

But the Polish legation in Bern says it won't budge from the castle until 1967 and considers the original lease still in effect. Some Rapperswil officials take the view that the Poles are more interested in establishing a propaganda center in the castle than in enlightening the world on Poland's past.

London Professor Studies Man Apes

Johannesburg —(P)— Within the next two months, Professor D. M. Watson, professor of zoology at University College, London, hopes to throw more light on the origin of man by establishing the age of South Africa's man-apes. He has just arrived here by air under a Nuffield Trust grant, and broke his journey at Nairobi, Kenya, to study what he regards as the forefathers of South Africa's man-apes. The East African finds are apes, he says, and not man-apes. By his study of Dr. Robert Broom's finds in South Africa, Prof. Watson hopes to be able to find out how they fit in with their East African ancestors and with all the other big apes such as chimpanzees and gorillas.

"The world's scientists are very excited about the finds in South Africa," he says. "So far as we know they are the only man-apes in the world, the Peking specimen being more of an ape-man. Man originated somewhere in Africa and I hope to discover the age of your man-apes, in which the whole world is interested."

Community Club At Nortonville Elects Officers

Officers were elected by the Nortonville Community club at its meeting held at the club hall. Those chosen were Mrs. May Clayton, president; Mrs. Irene Whitlock, vice president; Mrs. Harriet Seymour, secretary; Mrs. Mary Ellen Bolton, assistant secretary; Mrs. Ethel Newingham, corresponding secretary; Mrs. Hallie True, treasurer; and Mrs. Ida Vedder, reporter.

The meeting opened with group singing of "The Star Spangled Banner," followed by the pledge of the flag, led by Beulah Mutch. Mrs. Lula Vedder presided over the business session, during which it was decided to donate \$25 to the hospital campaign and five dollars to the Red Cross.

The program on "Public Affairs" was given by Mrs. Lula Vedder. The topic for roll call was "Current Events." Activities during the social period were directed by Mrs. Ethel Seymour. Prizes were won by Mrs. Beulah Mutch and Mrs. Grace Oxley. Refreshments were served by the hostess, Mrs. Ethel Newingham.

Twelve members and seven guests, Mrs. Grace Oxley, Mrs. Lowell Wells, Lucy Robinson, Marjorie Mutch, Naomi Newingham, Lawrence and Harry Lee Whitlock.

The next meeting will be held Thursday. The program will be given by the school children.

Industrial Arts Group Entertained At Springfield

Members of District 15, Industrial Arts Roundtable, were guests at a dinner given by Allis-Chalmers company in Springfield Wednesday evening. About 50 vocational instructors and school administrators attended the meeting.

After the dinner in the company cafeteria, the guests were conducted on a two-hour tour of the manufacturing plant. Production problems and methods were explained to the group.

A short business session concluded the evening's program. Those from Jacksonville attending the meeting were John L. Conant, Donald Kirchhoefer, Elbert A. Lair, Russell Ludwig, Harold G. Servoss, J. Merle Wade, James E. Waltz and Giles H. Woolf.

Two Carrollton Men Hurt In Elevator Fall

Carrollton—Two men were hurt, one seriously, and a third escaped injury when a cable broke on a freight elevator in the Lovekamp Implement store, causing the elevator to fall 15 feet.

On the elevator at the time were Orville J. Lovekamp, owner of the store and the most seriously injured; Clarence Haviland, who sustained a sprained heel; and Alvin Taylor, who was uninjured.

Lovekamp has a severe back injury. Both he and Haviland are at the Boyd Memorial hospital in Carrollton, where X-Rays have been taken. The accident occurred about nine o'clock Thursday morning as Lovekamp was accompanying the other two men to the second floor of his store to get some merchandise. The crash of the elevator did only slight damage to the store.

John J. Newell Has Read Jacksonville Papers 67 Years

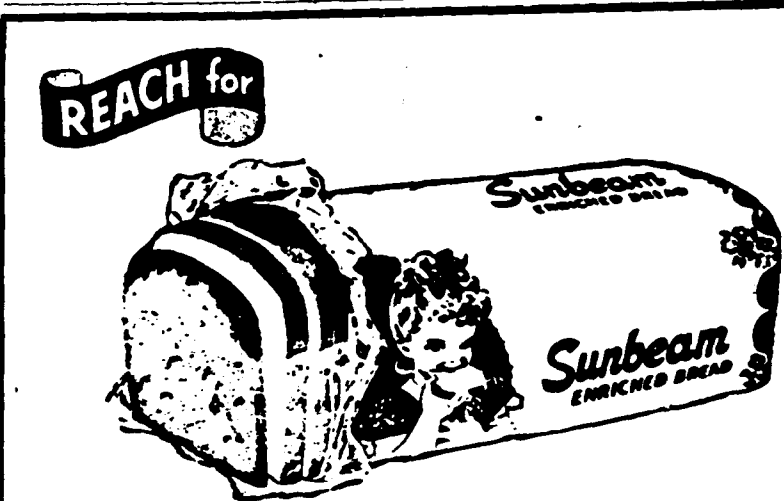

"I think that I am one of your oldest readers," said John J. Newell of Ashland in writing to the Journal Courier to renew his subscription. There is no doubt about Mr. Newell's being one of the oldest subscribers. He has been a continuous reader of Journal or Courier for 67 years, having first subscribed in 1882. Mr. Newell will be 92 years old on April 9. He still reads his copy of the Journal without the aid of spectacles. Loyalty and readership of old friends like Mr. Newell have contributed greatly to development of the Journal and Courier through a long period of years.

Beilschmidts Give Second Memorial To New Hospital

The designation of the staff library as a memorial to Ethel Rayborn, given by the Henry W. Beilschmidt family of Alexander, R. 1, in the Berea neighborhood, was announced Thursday by J. Chester Colton, general chairman of the Passavant Memorial Area hospital campaign.

In accepting this memorial gift and in a letter addressed to the Beilschmidt family, Mr. Colton said: "This is, of course, the second generous memorial gift from your family toward our much needed new hospital, and it is surely heartening to us who are charged with the responsibility of seeing this entire project completed as it should be. The staff library will be in constant use and of immeasurable value. In addition to a room for medical publications and records, books and periodicals of a general as well as a technical nature, there will be rooms for the clinical records covering every case treated at the hospital."

Philadelphia Athletics And Connie Mack Brush Off Talk Of Pennant

Haines City, Fla., March 31—(AP)—The Philadelphia Athletics and their octogenarian manager, Connie Mack, are giving the brush off to pennant talk.

If the A's have any thoughts on the subject of playing in the 1949 world series they are keeping them very secret. Even the boss is at a loss for one of these predictions he usually is so free to make.

Mack has clammed up. "Maybe it's because he remembers being firmly but politely rebuked by his own players on this pennant prediction business."

It seems a few of the boys got tired of hearing Connie's winter predictions that the Cleveland Indians were a shoe-in to win the American league flag this year. They went to the boss and a spokesman put it this way:

"Mr. Mack, we wish you would stop predicting that Cleveland will win the American league pennant by a country mile. After all we gave them a pretty good fight last year and this season we have an even better ball club."

"While we're not promising to win a pennant, at least let's believe we can do it. Why hand out the flag to somebody else?"

The Ancient Mariner of baseball secretly pleased by this fighting attitude of his players, promised solemnly he would offer no more predictions about Cleveland or any other team winning the pennant.

The 86-year-old Mack now is content to fall back on his old fashioned wait-and-see formula. Ditto Eddie Joost.

The unexpected shortstop amazed the baseball guessers in 1947 when he said a seemingly dead last

of Mackmen would finish fourth. They just missed and wound up fifth.

Not content with his 1947 luck Joost looked in his crystal ball and came up with a third place 1948 prediction. The A's finished fourth after battling for the flag until September.

Eddie's 1949 comment is: "Go see (Jimmy) Dykes, he'll talk to anybody."

And quickly replies Coach Dykes: "G'way, I'm only the junior coach on this ball club and I'm not talking."

Get that! Dykes isn't talking. The American league had better look out for the Athletics.

Harvard U. Fires Basketball Coach Bill Barclay

Cambridge, Mass., March 31—(AP)—Harvard University tonight fired basketball coach Bill Barclay.

In a brief statement athletic director William J. Bingham announced Barclay's "contract will not be renewed."

He added nothing had been done about naming a successor.

Barclay came to Harvard from Michigan as a 30 year old head coach in 1946.

His first season was a fairly good one as his team won 16 and lost nine. In the last two seasons the Crimson court forces have been able to win only eight of 40 games. Only one of those victories was against Ivy League competition, the loop in which Harvard meets its dearest enemies.

Barclay, a former Michigan amateur golf champion, also is golf professional at the Salem, Mass., Country Club.

He was not available immediately for comment.

Poisall Elected Head Of Three-I Baseball League

Waterloo, Iowa, March 31—(AP)—Bob Poisall, sports editor of the Danville, Ill., Commercial-News, was elected president of the Three-I baseball league sports writers here today.

Bob Drysdale, of the Illinois State Journal at Springfield, was named vice-president, and Al Ney, of the Waterloo, (Iowa) Daily Courier was elected secretary-treasurer.

The writers will select the league's most valuable player during the coming season. The league will make a cash or a trophy award to the winner. The type of award will be decided later by the writers.

Notice to all lot owners of Arcadia cemetery. Annual election and meeting, Tuesday, April 5, 2 p. m. at the church.

C. A. Beavers, pres., Eulah C. Standley, sec-treas.

DiMag Will Play Every Inning This Season, He Says

St. Petersburg, Fla., March 31—(AP)—Joe DiMaggio, the New York Yankees' \$90,000 "if," smirked as he peeled off a sock in the clubhouse at Miller Higgins field. The old toothy grin was back.

"I'm afraid I'll play another year. Every blankety blank inning," he said. "It looks like I'll have to work for my money."

DiMag has just passed his first test with flying colors. The tender right heel that threatened to end his great career gave him no trouble in a six-inning chore against Cincinnati. It was his first start.

"The pain is not completely gone," said Joe, "if it (the heel) improved a little more, I'll be very happy."

"After the first workout (March 1) I thought I'd have to hang up. Now I feel like I could play nine. I would have, too, but Casey Stengel said 'don't overdo it.'"

Underwent Operation Last Winter. "Not until I get on base will I know for sure what I can do. But I don't expect any reaction. If it holds up I'll be in good shape."

DiMaggio, the highest priced player in Yankee history at \$90,000 per year, underwent an operation for removal of a spur from his right heel during the winter. Although it appeared completely healed, he overdid it in the first day of training.

After a hurried trip to Johns Hopkins for observation, DiMaggio was sidelined. Until yesterday he appeared in exhibitions only as a pinch hitter. He had not been too optimistic.

In yesterday's game he made two easy catches, almost without moving, fielded a grounder and went hitless in three trips.

DiMaggio wears baseball shoes with a pad in the heel. When the season starts he expects to use golf spikes around the back of the heel to keep him from sliding on quick starts.

Tigers Wallop Red Sox 16 To 5

Lakeland, Fla., March 31—(AP)—The Detroit Tigers slammed out 17 hits today in a topheavy 16 to 5 exhibition baseball victory over the Boston Red Sox, who played without five regulars.

Every Tiger except Marlin Stuart, the starting and winning pitcher, and pinch-hitter George Kell hit safely at least once.

Eddie Lake and Phil Campbell of the Tigers and Catcher Matt Batts of the Red Sox clouted homers.

The Red Sox left a flock of their top stars at home, including Ted Williams, Dom DiMaggio, Bobby Doerr, Walt Dropo and Birdie Tebbets.

Chicago Cubs Edge Brownies 7 To 6

Alpine, Tex., March 31—(AP)—The Chicago Cubs nosed out the St. Louis Browns, 7-6, in a continuation of their exhibition tour today.

The Browns made 16 hits, including two home runs, off three Cubs pitchers.

The Cubs had the help of Roy Smalley's eighth home run in the spring season in the fourth inning to give them a lead they did not relinquish. Catcher Bob Scheffing was on base at the time.

Senators Beat Cincinnati 10-9

Tampa, Fla., March 31—(AP)—Four Cincinnati homers, good for eight runs, were not enough today as the Reds fell before the Washington Senators, 10-9.

The Rhinelanders outbit the American leaguers, 16-13, including solo homers by Grady Hatton and Ray Mueller, and three-run circuit blows by rookie Charlie Kress and Hank Sauer.

The Senators piled up an early 5-1 lead and extended its advantage with two runs in both the sixth and seventh innings.

Al Miller Issues Call To Arms To IC Trackmen; Meet April 6

Al Miller has issued the call to arms to all Illinois College trackmen. An intra-mural track and field meet will get underway Wednesday, April 6 at 3:30 p.m. on the local high school field.

The Hilltopper athletic director, who is also head track coach, said in a statement when announcing this event, that "every boy at Illinois college is invited to participate in this track meet."

Miller also wishes to announce that the Blue-boy varsity thin-clads will be selected from among the winners in each event.

Trophies and ribbons will be awarded to first, second and third place winners in each race and field event. The meet is sponsored under the auspices of the Illinois College athletic department.

The track mentor wishes to stress the fact that he wants to see every boy at the Hill top school, who possesses any track experience or ability, in action come April 6. Everyone will be given a chance to show his self on the IC varsity. Boys may stuff, and thus win a berth for him-run on class or society teams, or, if they like, may run unattached.

Jacksonville high school track coaches, Patterson and Wimberly will serve as head starters for all the racing events.

The order of the events, which start at 3:30 p.m., are as follows:

Track events: One mile run 440 yard dash 100 yard dash 120 yard high hurdles 880 yard dash 220 yard dash Two mile run One mile relay

Field Events: Pole Vault High Jump Shot put Discus throw Broad Jump Javelin throw

"The track and field events will get underway simultaneously."

New York Stock Market

New York, March 31—(AP)—The stock market, out of breath after two fast-moving sessions, slowly gave a little ground today.

Losses ranged from fractions to around a point.

Business was brisk in comparison with so many slow days earlier this year but far below Tuesday's 1,800,000 shares and Wednesday's 1,850,000. Turnover was at the rate of around 1,000,000 shares for the full session.

Business was stimulated during the past two days by news of the federal reserve board's cut in margin requirements to a 50 per cent basis from 75. On Tuesday the market raced ahead but yesterday only minor, and somewhat spotty, improvement was noted.

Marked down most of the day were Consolidated Edison, Westinghouse Electric, Dow Chemical, Johns Manville, N. Y. Central, Eastern Air Lines, U. S. Steel, Youngstown Sheet, Chrysler, U. S. Rubber, Montgomery Ward, Sears Roebuck, and Schenley.

Selected demand developed for railway obligations in the bond market. U. S. governments held steady in over-the-counter dealings.

Phillies Defeat Senators 7 To 6

St. Petersburg, Fla., March 31—(AP)—Willie (Pueed'n' Head) Jones' double with the bases loaded in the seventh today gave the Philadelphia Phillies a 4-1 victory over the St. Louis Cardinals before 1,410 fans.

Ex-Giant Ken Trinkle pitched shutout, one-hit ball for four innings and Hank Borowy was impressive thereafter.

Senators Beat Cincinnati 10-9

Tampa, Fla., March 31—(AP)—Four Cincinnati homers, good for eight runs, were not enough today as the Reds fell before the Washington Senators, 10-9.

The Rhinelanders outbit the American leaguers, 16-13, including solo homers by Grady Hatton and Ray Mueller, and three-run circuit blows by rookie Charlie Kress and Hank Sauer.

The Senators piled up an early 5-1 lead and extended its advantage with two runs in both the sixth and seventh innings.

H. School Boxing Champion Coached By Blind Father

Hattiesburg, Miss., March 31—(AP)—Ask Jackie Cameron, who won a state high school boxing crown, and he'll get enthusiastic about how his pop's coaching paid off.

His father, H. H. Cameron, taught Jackie just about everything he knows about the punch and jab game.

But his father has been blind for 13 years.

Jackie, a Forrest county high school senior, fought his way to the state championship in the 155-pound weight in the recent tourney at Bay St. Louis.

His father was at the ringside. Cameron, blinded when accidentally struck in the face with a sledge hammer, never lost his keen interest in sports.

He put boxing gloves on Jackie at an early age. He attends nearly every football game here, with Jackie calling the plays.

He says he's working on his eight-year-old son Pete.

"I hope to make a good basketball player out of him," he added.

White Sox Whip Cleveland 10-2

Tucson, Ariz., March 31—(AP)—Wind and cold caused the Cleveland Indians and Chicago White Sox to end their exhibition game here today after only five innings, with the White Sox winning 10 to 2.

Bob Lemon was on the mound when the Sox scored eight runs in the third inning. He walked five—four of them in succession—and allowed five hits.

Max Surkout, a righthander drafted by the Sox last fall, allowed the tribe only two hits in five innings and walked only three. One of the hits was Larry Doby's first homer of the spring.

Yanks Take 9 To 7 Win Over Braves

Bradenton, Fla., March 31—(AP)—Relief Pitcher Frank Hiller's triple in the fourth inning gave the New York Yankees a 9-7 victory over the Boston Braves today.

With the score tied at 7-7, Hiller unloaded his game-winning blow following a single by Gus Niarhos. Hiller then rode home on a fly ball by Phil Rizzuto.

Phillies Defeat Senators 7 to 4

Orlando, Fla., March 30—(AP)—Bill Nicholson slammed a home run with one on and Willie Jones' supplied three singles for the Philadelphia Phillies here today as they defeated Washington, 7-4.

Seven walks, three errors and a wild pitch aided the Phillies in their conquest.

ADVANCE IN CASH GRAIN PRICES AIDS WHEAT FUTURES

Chicago, March 31—(AP)—An advance in cash grain prices at major terminals helped strengthen wheat futures on the board of trade today. However, the upturn met quite a bit of selling and gains were not large.

Other cereals, as well as soybeans and hard, also found the path of least resistance was on the up grade. Soybeans and hard were helped by higher vegetable oil prices, partly attributed to government buying of cottonseed oil and soybean oil.

Mills were fairly active buyers of wheat in southwestern markets, boosting the cash grain price about a cent. The government also raised its bid. Receipts were held down by bad weather.

Receipts were: Wheat 4 cars, corn 78, oats 20 and soybeans 3.

Wheat ended 1/2 lower to 1/2 higher, May \$2.15-1/2, corn was 1/2 lower to 1/2 higher, May \$1.38-1/2, oats were unchanged to 1/2 higher, May 69-1/2, soybeans were 11-1/2 higher, May \$12.7, 2.16-1/2, and hard was 10 to 15 cents a hundred pounds higher, May \$11.42.

ROGER THE LODGER
 By Elizabeth R. Roberts

THE STORY: Roger the Lodger is a young man who has been in the East Air Base. He is a very nice, shiny, well-scrubbed face topped with red hair. Pat Keenan worked like a beaver establishing Jimmy and Henry in the sitting room. He couldn't have displayed more concern for the arrangement of the furniture if he had been going to live there himself.

When he was all finished moving the bureau an inch more that way, Jimmy's bed an inch more by the door, he had left a space approximately seven by four feet with absolutely nothing in it. He said wistfully that he was the only one of the gang left outside. Pat wasn't married, he didn't have any furniture, I felt s'ee and expansive when I said, "It's too bad we haven't another bed. You might just as well room here with the boys as not." Like a flushed dove of quail the three men took off. An hour later they carried a construction cot down the basement stairs and set it up in the space so providentially big enough to receive it.

"Now see here," I said emphatically, "this is absolutely all. Don't dare bring in another one or out you'll all go!" I was sublimely ignorant of O.P.A. regulations.

THE boys had said they would make their beds, but I had neglected to stipulate in the bond who was to pick up their clothes. The first time I had occasion to go to the basement after they moved in, I found my progress impeded by mounds of soiled shirts, socks, handkerchiefs, underwear, slippers, shoes, and topcoats.

The only place that was free of towels was the towel rack. It was time they had fresh linen. I climbed two flights of stairs to the linen closet, loaded up with sheets, pillow cases, towels and wash cloths. I made up four beds. The only difference between this and Ward's was that I didn't also have to bathe the occupants. I don't care how freckled a b or how redheaded. I hate picking up sticky socks. I became a White Wing. With a large carton for a cart and a stick with a nail in it, I speared up the mess.

Veteran Phone Worker, C. M. Tucker, Retires

Fellow employees and the management of the Illinois Telephone company gave a farewell party last night for Clarence M. Tucker, a veteran worker who serviced telephones in Greene, Pike, Scott and Morgan counties. Mr. Tucker is retiring after 40 years of telephone work.

The party was held in the County Fair room of the Dunlap hotel. Everett E. Conrad, local plant superintendent, was the toastmaster. Employees of the company from Bloomington, Carrollton, White Hall, Roodhouse, Winchester and Jacksonville attended.

Mr. Tucker, an enthusiastic fisherman, received a large number of gifts, most of which were designed to help him with his hobby. He got a fine rod and reel, several lines,

many flies, a pair of boat seats, tackle box, fishing coat, refrigerator box and allied equipment.

Among the speakers were R. B. Still of Bloomington, president of the Illinois Telephone company; W. M. Driggs, general plant superintendent; R. C. Ross, general traffic superintendent; and R. L. Dennis, safety manager, all of Bloomington; W. R. Boyd of Springfield, business manager of the I.B.E.W.; Roscoe Toller, also of Springfield; C. A. Crane, area manager, and W. O. Randall, Jacksonville manager.

Mr. Tucker began his telephone work in 1898 with the Fishhook Telephone company in Pike county. He also served with the Central Union of Carrollton; the Pike county and the Illinois Bell Telephone company and the Bluffs exchange before coming to Jacksonville in 1920.

Mrs. Elizabeth Hull, who will celebrate her 89th birthday anniversary on Saturday, April 2, will be guest of honor at a dinner and reception to be held Friday at the home of her brother, Frank Hagan, 519 West Lafayette avenue.

Winchester—Dr. Sidney A. Guthrie, district superintendent of the Methodist church, Jacksonville district, addressed a meeting of the Evening Educational Hour, a department of the Winchester Woman's club, and guests Wednesday evening at the home of Mrs. Temple Grout.

Dr. Guthrie's subject was "The Message of Three Great Contemporary Philosophies of Arnold Toynbee, LeComte du Nuy, and Sherwood Edde as expressed in their three great books, "A Study of History," "Human Destiny" and "God In History."

The message messages of these three great minds converge into one clear philosophy of life," he said.

The principal thesis of Toynbee's book is that civilizations are not doomed to die by any fatalism or predestination; instead, civilization can and will survive provided man gives emphasis, authority, and value to the moral and spiritual values of life.

LeComte du Nuy, a Frenchman whose book "Human Destiny" was published in 1947, propounds the theory that man must study man as he has studied science and turn his attention to the development of human relations and the understanding of them in order that man may direct science and its achievements for the good of man rather than to his destruction.

"God In History" has as its thesis the thought that God is expressed in justice, brotherliness, liberty, and love and that Me may be found in any particular period in history as these qualities are found existing in society in this particular time.

Mr. Edde says that God is expressed by men who feel and have the experience of God within themselves and their experiences.

The committee acting as hostess for the meeting were Mrs. Paul Garrison, Mrs. DeWitt Miltstead, Mrs. Randall Killebrew, Mrs. Loretta Glossop and Mrs. Julia Kinnison. Mrs. Norbert Hutchins is the chairman of the general program committee. Mrs. Hazel Stewart, chairman of the Evening Educational Hour, presided over the business session that preceded Dr. Guthrie's talk.

The following officers were elected for the club year 1948-1950: chairman, Mrs. Audrey Peak; vice-chairman, Mrs. Lillie Saffer; secretary, Mrs. Margie Forshee; treasurer, Mrs. Beatrice McMullen.

The club voted a contribution to the fund for the planned recreational program which is being organized for the summer vacation period.

Britain's Oldest Colony Becomes Canada's Youngest

Ottawa, Ont., Friday, April 1.—(AP)—Britain's oldest colony, Newfoundland, became Canada's youngest province last midnight.

No ceremony was planned to mark the exact hour of the union that is one of the major North American political changes of the 20th century. But there will be official ceremonies in Canada and Newfoundland Friday.

Newfoundland, which sits like a stopper at the mouth of the St. Lawrence river, was established as an English colony in the 17th century.

Prime Minister Louis Stephen St. Laurent extended a warm welcome to Newfoundland in the newly issued 1949 official handbook of Canada. Many Canadian newspapers printed special editions and supplements.

Report New Drug Cures Alcoholics

Chicago, March 31.—(AP)—Two Danish doctors reported today the 32 of 99 alcoholics treated with "antabus" attained "social recovery."

Antabus is the drug recently discovered in Denmark. The physicians said it produces a hangover immediately if a dose of it is followed by an alcoholic drink.

The report of Dr. Erik Jacobsen and Dr. O. Martensen-Larsen of Rungsted Kyst, Denmark, was published in the current Journal of the American Medical Association.

It said that after six months of post-treatment observation the 52 patients were performing their work competently and living in harmony with their families. Nineteen others were reported improved after six months.

U.S. Army Reduces Sentence Of Czech Spy To Five Years

Frankfurt, Germany, March 31.—(AP)—The U. S. Army announced today the 20-year prison sentence imposed upon a convicted Czechoslovak spy, Frantisek Klecka, has been reduced to five years.

At the same time it made public the testimony in his secret trial before a U. S. military commission at Munich Feb. 17.

No indication was given in the official announcement of the reason for cutting the sentence of Klecka, identified as a Moscow-trained agent who worked for the intelligence services of both Czechoslovakia and Soviet Russia. However, it lifted a veil of secrecy that had surrounded the case.

These disclosures followed by five days the secret conviction of two American soldiers in Prague on charges of spying against Czechoslovakia.

The United States charged Tuesday that "normal rights and safeguards" were lacking in the Prague because of its secrecy. Secretary of State Acheson said the case was viewed with grave concern. The U. S. embassy in Prague was told it might get to see the two next week.

Morgan Cancer Drive Launched Here Today

In connection with the national and state divisions of the American Cancer Society, the Morgan county chapter will open its annual fund drive today. Solicitation will be by mail only and 6,500 envelopes containing the chapter's message to the people of Morgan county were taken to the postoffice Thursday afternoon.

Al W. Hall, Morgan county state attorney, is in charge of this year's canvass. The goal is \$5,000.

Twenty-five cents of each dollar received is earmarked for continued research into the dread disease which takes a heavier toll of American lives each year. Another 15 cents will go for national education services and administration.

The remaining 60 cents is retained by the state division for education purposes, information centers, diagnostic centers and the important diagnostic clinics. One of the 19

such clinics in the state of Illinois is maintained at Passavant Memorial hospital, to which suspected cases may be referred by their family doctors.

Early diagnosis has been found to be the best weapon against cancer. Boy and Girl Scouts of Jacksonville, including the troops at the Illinois School for the Deaf, helped prepare the envelopes.

Each letter contains a small pin bearing the insignia of the American Cancer Society and a prepaid postage envelope addressed to the local chapter. Headquarters will be maintained at the Dunlap hotel and contributions may be brought or sent there.

Assisting Mr. Hall in the campaign are W. L. Fay, E. J. Korman, W. H. Kurtz, Mrs. Mildred Seeman, E. H. Garlich, Miss Amelia DeMotte and Mrs. J. L. Bunch.

Fathers Dinner Guests Of Jacksonville FFA

Dads of the vocational agriculture students of Jacksonville high school and other guests attended the annual Future Farmer of America father and son banquet held Wednesday night at the Masonic Temple.

The dinner featured fried chicken, from White Rock broilers raised and dressed by the chapter members.

Carroll Henderson, the president, was the presiding officer.

A. J. Stewart offered the invocation and the chapter officers gave the organization's opening ceremony.

The program was arranged by the students. Bob Benson, chapter public speaker, spoke on "Soils" and Russell Morris discussed the activities of the swine growers' association. Nine Greenhorns, freshmen, explained a certain point of parliamentary procedure before the whole group brought several topics up for discussion with Martin Stewart serving as chairman and James Perbix as secretary.

Maurice Strang of Murrayville reviewed the work of the advisory council before President Henderson conferred honorary degrees upon its members: Mr. Strang, Ira Story, Howard Stevenson, Harold Tomhave, Louis Boddy and Howard Davenport.

Harry F. Lair of the Crawford Lumber company presented a \$50 bond to Carroll Henderson, son of Mr. and Mrs. Irl Henderson, of Murrayville, for his outstanding work in agriculture.

Later Chapter Adviser George E. Egbert showed a group of colored slides illustrating the work done by the students during the past year.

The welcome to the guests was given by Secretary Wayne Mellor and the response was made by Irl Henderson.

Henry C. Lytton, Pioneer Chicago Merchant, Dies

Chicago, March 31.—(AP)—Henry C. Lytton, the last of State street's merchant pioneers, died today. He was 102.

His death resulted from pneumonia complicated by a heart ailment. Since last Saturday, he had been in an oxygen tent in Wesley Memorial hospital.

Born Henry C. Levi in New York City July 13, 1846, he began his career in business as a 50-cent-a-week errand boy at the age of 15 just as the Civil War broke out.

It was in 1887 that he founded his Chicago clothing store, "The Hub," at the corner of State street and Jackson boulevard. It grew into a business which reported net sales of more than \$28,000,000 in its 1947-48 fiscal year.

He started in the clothing business as a bookkeeper at an eight dollar weekly salary while in his teens. His first venture as a store proprietor, shared by his brother, Isaac, failed. This was in Ionia, Mich., in the late '60s. Next, the brothers opened the Star Clothing company at Grand Rapids, Mich., and made a success of it.

He later did business in New York and Indianapolis, Ind., saving \$12,700 with which he started his Chicago store.

Evangelism Week To Open April 3 At Scott Church

Winchester—"A Crusade for Christ Through Personal Evangelism" is being planned by the First Baptist church of Winchester for the period of April 3 through April 10. Director of the crusade will be the Rev. John F. Scott, one of the area directors in central Illinois. The program will open on Sunday morning, April 3, with Rev. Scott bringing the message at the morning worship service at 10:30 o'clock. A highlight of the service will be at the close when opportunity will be given the members to pledge themselves to serve as "visitors" during the following week.

On Sunday evening, April 3, at 7:30, a training conference for visitation teams will be held at the church. On Monday and Tuesday evenings, April 4 and 5, the visitation teams will meet at the church at 6 o'clock for lunch. From 7 to 9 on both evenings, the visitation program will be conducted.

Evangelistic meetings to which the public is invited will be held at the church at 7:30 on Wednesday, Thursday, and Friday evenings, April 6, 7, and 8, with the Rev. John Scott bringing the messages.

Sermon topics are as follows: Wednesday evening, "The Greatest Man in the World;" Thursday evening, "Man's Greatest Decision;" and Friday evening, "The Greatest Love." There will be special musical selections each evening. Saturday evening, April 9, at 7:30 at the church will be "Fellowship Night" for all. The Crusade will close with the morning worship services on April 10.

White Shrine Meets
The regular meeting of Lebanon White Shrine, U. D., of Jerusalem was held Monday evening at 7:30 p.m., March 28, at the Masonic hall in Winchester. Guest officers from Rose Croix Shrine, Griggsville, presided in stations for the ceremonial in which eight candidates received the degree. Six petitioners, Garnette Levi, Pauline Underwood, Margaret Eldred, Ethel Eldred, Margaret Lolland, and Marion Roberts, all of Carrollton, and Nellie Roosa and Dr. Paul Garrison of Winchester were the accepted candidates.

Over Red Cross Goal
Mrs. S. G. Smith, county chairman for the 1949 Red Cross drive, announced Thursday that the final figure for the drive was \$1,531.99 which once again carries Scott county over the top.
